CPCCLDG3001 - Licence to perform dogging

Start Training in CPCCLDG3001 - Licence to perform dogging

This unit specifies the skills and knowledge required to safely perform dogging work. Dogging consists of the application of slinging techniques to move a load, including the selection and inspection of lifting gear, and the directing of a plant operator in the movement of a load when the load is out of sight of the operator.

Dogging work is conducted in the construction industry and other industries where loads are lifted and moved using cranes or hoists.

Perfect for learners who wish to become a...

- Dogman
- Trades assistants
- Riggers

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCWHS1001 Prepare to work safely in the construction industry meets this requirement.

Competence in this unit does not in itself result in a licence. A licence is obtained after competence is assessed under applicable Commonwealth, state or territory work health and safety (WHS) regulations. .

Forky Stick Training and Safety Consultants will deliver training what is customised to

NATIONALLY RECOGNISED
TRAINING

Course Resources

You will be required to attend a face to face training session at Forky Stick Training and Safety Consultants facilities
